Instantly removes soap scum, body and tanning oils from showers, tubs, and tile!

Heavy Duty Foaming Scum Remover Restroom Cleaner

This product is a **heavy duty**, ready-to-use cleaner that is chemically designed to remove heavy soap scum, body and tanning oils, mineral deposits, and other soils found in showers, tubs, and other hard surfaces. This formulation contains **organic acids, powerful cleaning agents, quaternary ammonium chlorides, plus a special "power booster" ingredient** not found in competitive formulations. Designed for ceramic tile, Fiberglas®, stainless steel, and chrome, this product produces a rich **clinging foam** that allows for maximum cleaning contact time on vertical surfaces. In addition to its superior cleaning ability, this product eliminates odors as it cleans. Use of this product increases the level of sanitation in shower rooms, locker rooms, restrooms, and other areas where soap scum, oils, and mineral deposits are present.

BENEFITS:

- **Powerful** - Contains acids, cleaning agents, quaternary ammonium chlorides, plus a power boosting ingredient not found in competitive formulations.
- **Removes** heavy soap scum, body oils, sun tanning oils, mineral deposits, and other tough soils from showers, bathtubs, and other restroom surfaces.
- **Foaming** action allows for longer contact time and maximum penetration of tough soils.
- **Increases** the level of sanitation in shower rooms, locker rooms, and other restroom areas.
- **Ready-To-Use** - No mixing or measuring required.

Quality is Our Most Important Product
