ALTO PINE

**A HIGHLY ACTIVE CONCENTRATE
USING NATURE'S OWN DISINFECTANT**

DESCRIPTION

This product is well known as an effective germ and bacteria fighter that offers a fresh, clean pineywoods odor. It is also an excellent solvent and detergent that can penetrate and lift heavy soil accumulations. This disinfectant has a minimum of eighty percent pure steam distilled pine oil. This product is approved for use in inedible product processing areas, non-processing areas and/or exterior areas of official U.S.D.A. inspected establishments.

USE

As little as one part concentrate per hundred parts water produces a stable milky-white emulsion that will clean and disinfect restrooms, sick rooms, garbage and disposal areas, urinals and bedpans. For disinfecting kennels, stables and barns, it may be mopped on or sprayed on surface. The area may then be rinsed with water to a clean and sanitary condition.

TECHNICAL DATA

Type	Emulsifiable
Total Active	80.0% Min.
Water Content	10.0% Max.
Color	Clear Amber
Emulsion Color	Pure White
Stability	Excellent
Diluent	Water
Odor	Pine
pH	9.0 - 10.0
Specific Gravity	0.945
Weight/Gallon	7.87 lbs.
E.P.A. Reg. No.	2155-58

FOR COMMERCIAL AND INDUSTRIAL USE ONLY.
