## BUG BOMB RESIDUAL ROACH & ANT KILLER

This powerful pleasantly scented insecticide combines Diazinon and Pyrethrins to kill a wide variety of crawling insects such as cockroaches, ants, spiders, ticks, fleas, earwigs, silverfish and others. Simply spray the area where crawling insects are found or may hide, excellent flushing action, fast knockdown and a residual spray that keeps on killing. To reduce the annoyance of where flying insects may gather use outside around doors, screens and windows.

### AREAS OF USE

For commercial and industrial use. This insecticide will control pests for as long as two weeks. Use in and around:

- Schools
- Institutions
- Nursing Homes
- Hospitals
- Apartment Buildings
- Motels
- Food Processing Plants
