

DROP DEAD

Description This residual insecticide is for use indoors or outdoors. Spray infested surfaces only until wet. Do not use as a space spray.

Directions **Roaches, Ants, Waterbugs, Silverfish, Spiders, Firebrats, Crickets.** Spray until wet, surfaces behind and beneath cabinets, refrigerators, sinks, stoves, and trails. Spray window and door frames where ants enter. **Carpet Beetles:** Make localized application to areas of the floor and baseboards. Spray directly into cracks and under carpets, where insects may be found. Treat crevices, cracks and under carpets, where insects may be found. Treat crevices, cracks and infested areas of shelving in closets. **Brown Dog Ticks:** Spray infested areas around baseboards, window and door frames, wall cracks, sleeping quarters of pets and localized areas of floors and floor coverings. **Flies, Mosquitoes, Wasps And Small Flying Moths.** **Outdoors:** For use only as an aid in reducing annoyance from these insects. Spray outside surfaces of screens, doors, window frames or wherever these insects may enter the room. Also treat surfaces around light fixtures on porches, in garages and other places where these insects alight or congregate. **Chiggers, Ants, Brown Dog Ticks And Clover Mites.** **Outdoors:** For treatment of localized infestations of insects in outdoor areas where there is no vegetation used for food or feed, spray infested areas. **For ant hills,** wet hills and runways.

Safety Refer to Material Safety Data Sheet for additional safety cautions. Keep Out Of Reach Of Children.
