SIGNS • FANS • BOATS • DOCKS
OIL RIGS • DAIRY EQUIPMENT
FENCING • GUTTERS
ORNAMENTAL and ANTIQUE METALS
AIR CONDITIONING UNITS
FARM and ROAD EQUIPMENT

A high solids, pure zinc coating that electrically bonds itself to metal surfaces. Equals protection provided by hot dip galvanizing methods. Resists corrosion and rust migration. Provides a tough, durable gray surface. Can be used as a primer prior to painting. Protects surfaces from salt water and chemical fume corrosion. Convenient aerosol is perfect for touch up of cold dipped parts.
