DIRECTIONS

DESIGNED FOR USE WITH AN AUTOMATIC AEROSOL DISPENSER UNIT

Stops unwanted odors and deodorizes the air in bathrooms, kitchens and other areas where a malodor exists. The metered valve delivers precise spray volumes in an ultra fine mist to effectively freshen rooms up to 100 cubic feet. Formulated to remove tough odors, such as sulfur, eggs, garlic and onion (fish) and pyridine (from fish). A fine spray pattern leaves a smelling fresh lot.
