

TTB3450C

- The popular 3450 model with its 8 gal. capacity and 18" scrubbing width is now available in a cylindrical version and is battery powered for complete operating versatility and freedom as the sealed gel batteries are maintenance free.
- The cylindrical power brush design provides truly deep cleaning performance. Excellent on all grouted surfaces!
- The LED control panel continuously provides the operator with the status of the vacuum, water flow, brush pressure and the battery status. And the stainless steel chassis and squeegee-lifting mechanism will never rust.
- Tynex brushes handle the toughest of jobs. Softer nylon brushes are a quick change away.
- With generous capacity and 3 HOUR operational performance, the 3450 C is the choice for any environment with grouted floors and the need for cord-free operation.
