

CUSTOMER SERVICE BULLETIN

Quality is Our Most Important Product

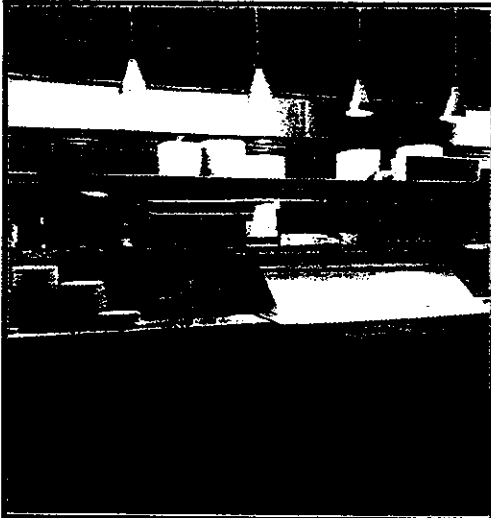

SURE CLEAN

DETERGENT/DISINFECTANT

Sure Clean is a phosphate free formulation designed to deodorize, sanitize, and disinfect. This product is formulated to disinfect inanimate hard surfaces such as walls, floors, sink tops, toilet bowls, tables, chairs, telephones, and bed frames. For larger areas such as operating rooms, patient care facilities and bathrooms, this product provides both general cleaning and disinfecting. Does not leave film or tack on floors.

This product is excellent for use in food preparation areas, because it sanitizes previously cleaned and rinsed, non-porous food contact surfaces such as tanks, chopping blocks, counter tops, drinking glasses, and eating utensils.

Benefits

- Food contact surface sanitizer
- Superior germicidal and fungicidal activity
- No phosphates
- No fragrance
- Hospital type
- One step cleaner & disinfectant
- Safe for use on all washable surfaces
- USDA D2 authorized
