TROUBLE SHOOTER

BEE, WASP & HORNET KILLER

This product kills bees, wasps, hornets and yellow jackets while standing 12 feet away from their nests. A fast-acting formulation has a quick knock-down and can wet a nest thoroughly in seconds. It then leaves behind a residual insecticide that keeps on working for days in protected areas. You can eliminate these insects from hard-to-reach areas with this product's long range jet stream. With a dielectric strength of 30 kV/2.5 mm., it's safe for use by power companies.

AREAS OF USE

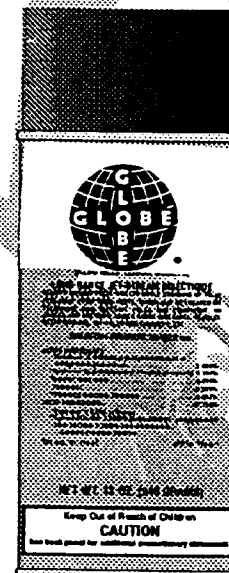

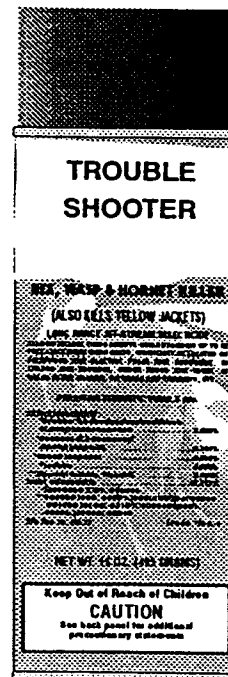

Designed for outdoor use, you can now easily rid the following areas of bees, wasps, hornets and yellow jackets:

- Food processing plants
- Walls & Chimneys
- Municipal buildings
- Telephone poles
- Office buildings
- And Many More
- Farms
- Houses
- Schools
- Restaurants
- Electric poles

- Jet stream up to 12 feet
- Combination of Malathion, Pyrethrins and Piperonyl Butoxide
- Dielectric strength: 30 kV/2.5 mm.
- Residual action in protected areas for days
- Kills Bees, Wasps, Hornets and Yellow Jackets

PRODUCT SPECIFICATIONS

Can Size:	(C-012) 16 oz. Aerosol (C-013) 20 oz. Aerosol
Net Weight:	(C-012) 12 oz. (C-013) 15 oz.
USDA Rating:	N/A
Color:	Clear Yellow
Fragrance:	Petroleum Distillate
pH:	N/A
Propellant:	Hydrocarbon
Spray Pattern:	Forceful Jet Stream
Flammability:	Extremely Flammable as per CPSC Flame Extension Test as described in 16 CFR 1500.45.
