# TRIPLE PLAY

## NEUTRAL pH GERMICIDAL DETERGENT & DISINFECTANT

TRIPLE PLAY is a concentrated, hospital grade, multi-purpose quaternary germicidal detergent and deodorant. It is effective in hard water up to 400 PPM (calculated as CaCO<sub>3</sub>) plus 5% organic serum. TRIPLE PLAY disinfects, cleans and deodorizes in one labor saving step. For use in veterinary clinics, nursing homes, schools and colleges, food handling and government inspected meat plants.

Due to its neutral pH, TRIPLE PLAY can safely be used on waxed floors without fear of dulling or stripping the finish.

## Veterinary Benefits

\*Virucidal against the following viruses according to the virucidal qualification, modified in the presence of 400 ppm hard water plus 5% organic serum @1:64 dilution. (2 oz. per gal. of water).

- Canine Parvovirus
- Canine distemper virus
- Rabies virus
- Feline leukemia virus
- Feline picornavirus

## Health Care Benefits

- Effective against HIV-1 (AIDS)
- Superior germicidal and fungicidal activity
- Hospital type
- One step cleaner & disinfectant
- Safe for use on all washable surfaces
- Recommended for use on all resilient floor tile
- USDA authorized
- Effective against MRSA resistant organisms

## Applications

- Veterinary Clinics
- Nursing homes & Hospitals
- Schools
- Daycare centers
- Meat & poultry plants
- All Restrooms
