

# WHEEL & GRILL

**Description** Cleans and restores the shine to wire, chrome & mag wheels, wheel covers and auto grills.

**Application** This product is designed as a wire wheel and grill cleaner that cleans and shines chrome and mag wheels as well as other wire wheels. Simply spray on then rinse off.

**Directions** Mix 1 to 1 with water. Hose down wheels and grill with water, then apply by spraying a generous amount of solution to wheels and grill. Leave solution on for not over 2 minutes before rinsing thoroughly with water. Do not leave on wheels or grill for over 2 minutes before rinsing. Longer period of time will ruin surfaces. Harmful to windshields, glass surfaces and paint. Do not use on clear coated chrome wheels, anodized or painted wheels.

**Safety** Keep Out Of Reach Of Children and refer to Material Safety Data Sheet for additional precautionary information. L-248-061992
