

## INSTANT SPRAY-ON WHITEWALL TIRE CLEANER

**Description** This product needs no agitation, and only slight rubbing to remove the most stubborn stains. When properly used, will not harm aluminum or finished surfaces, and may be used on all rubber surfaces as well as porcelain finishes such as refrigerators, stoves, etc.

**Directions** For best results, wet tire, then spray on. Allow to stand for about 30 seconds, then hose tire off. Only heaviest curb marks and scuffs will require second application. Harmless To Rubber.

**WARNING:** Contains Alkaline Detergents.

**Safety** Keep Out Of Reach Of Children and refer to Material Safety Data Sheet for additional safety information. L-135-071293
